

ACCOUNTABILITY INFORMATION REQUIRED BY THE FEDERAL NO CHILD LEFT BEHIND ACT

The information below is used to determine the Adequate Yearly Progress designation for your school. A school is designated as *Not Meeting AYP* if any indicator is determined to be *Not Met*. The Student Achievement and Student Participation ratings are based on 2008-2009 and 2009-2010 Oregon Statewide Assessments for the students in your school identified as enrolled for a full academic year. The statewide goal for the minimum percentage of students expected to meet or exceed standards is 60% in English/Language Arts and 59% in Mathematics. Student Participation is expected to be 95% or greater. The statewide goal for the minimum graduation rate is 68.1%. The statewide goal for the minimum attendance rate is 92.0%. 2009-2010 School Report Card

Sherman
Jr/Sr High School

Dear Parents and Community Members,

October 7, 2010

The Oregon Department of Education is proud to issue the 12th annual school Report Card. This year's high school report cards include a new graduation calculation called a "Cohort Graduation Rate" which tracks the number of students graduating within four years. As in previous years, this report card contains two ratings: an Oregon rating and a federal rating. Oregon rates schools as either Outstanding, Satisfactory, or In Need of Improvement, and while these ratings cannot tell you everything about your school, they are a good starting point for talking about our successes and opportunities for improvement.

ACHIEVEMENT DATA

Academic Achievement Percentage of Students Meeting Standards

The graphs below show the percentage of students in your school at the indicated grades that met or exceeded the state standards on Oregon Statewide Assessments during the last two school years. District, state, and comparison school averages are displayed. Comparison schools are Oregon schools with similar demographics.

Improvement in Student Performance

The table below shows the percentage of students in your school in grades 3-8 and 10 who either met or exceeded state standards or met their growth target in reading and mathematics for the last two years. Growth targets are set yearly for students up to grade 8 and are based on each student's performance in the previous school year. The table also shows two graduation rates for your school. The NCES graduation rate is defined as the number of graduates in 2008-2009 divided by the number of graduates and dropouts in 2008-2009. The Cohort Rate is defined as the percent of student who started high school in 2005-06 and graduated within four years.
