

## ACCOUNTABILITY INFORMATION REQUIRED BY THE FEDERAL NO CHILD LEFT BEHIND ACT

The information below is used to determine the Adequate Yearly Progress designation for your school. A school is designated as *Not Meeting AYP* if any indicator is determined to be *Not Met*. The Student Achievement and Student Participation ratings are based on 2009-2010 and 2010-2011 Oregon Statewide Assessments for the students in your school identified as enrolled for a full academic year. The statewide goal for the minimum percentage of students expected to meet or exceed standards is 70% in English/Language Arts and in Mathematics. Student Participation is expected to be 95% or greater. The statewide goal for the minimum graduation rate is 65%. The statewide goal for the minimum attendance rate is 92.0%. # 2010-2011 School Report Card

Sherman  
Jr/Sr High School

Dear Parents and Community Members,

October 6, 2011

The Oregon Department of Education is proud to issue the 13th annual Oregon School Report Card. As in previous years, this Report Card contains two ratings: an Oregon rating and a federal rating. Oregon rates schools as either "Outstanding," "Satisfactory," or "In Need of Improvement," based on a number of factors including student test results, participation, and academic growth. While these ratings cannot tell you everything about your school, they are a good starting point for talking about our successes and our opportunities for improvement.

Susan Castillo, State Superintendent of Public Instruction

## ACHIEVEMENT DATA

### Academic Achievement Percentage of Students Meeting Standards

The graphs below show the percentage of students in your school at the indicated grades that met or exceeded the state standards on Oregon Statewide Assessments during the last two school years. District, state, and comparison school averages are displayed. Comparison schools are Oregon schools with similar demographics.

### Improvement in Student Performance

The table below shows the percentage of students in your school in grades 3-8 and HS who either met or exceeded state standards or met their growth target in reading and mathematics for the last two years. Growth targets are set yearly for students up to grade 8 and are based on each student's performance in the previous school year. The table also shows cohort graduation rates for your school. Cohort Rates are defined as the percent of student who started high school in the given school year, such as 2005-06, and graduated within four or five years.
