

# 2015-2016 Special Education Report

CONFEDERATED TRIBES  
 OF WARM SPRINGS EI/ECSE

April 2017

Dear Parents and Community Members,

The Oregon Department of Education is proud to issue the eleventh annual special education report. Reported indicators and targets correspond to the information in the State Performance Plan (SPP) for Special Education that is required by the United States Department of Education.

Oregon has a seamless system of services for children with disabilities from birth through age five that is operated by the Oregon Department of Education (ODE). ODE contracts with nine Education Service Districts (ESDs) across the state to provide early intervention/early childhood special education (EI/ECSE) services in 35 local programs. This system includes Part C early intervention (EI) for children birth to age three and Part B early childhood special education (ECSE) for children age three to kindergarten age, which is age five in Oregon. Children who are age five by September 1st are eligible for public school with special education services provided by the local school district.

As Oregon schools and districts continue to face many challenges, educators remain committed to providing the highest quality education for Oregon students. This report is not meant to tell you everything about your district, but it offers a starting point for discussions about where improvement might be needed and for celebrating successes in education for Oregon's children.

Salam A Noor, Ph.D., Deputy Superintendent of Public Instruction

EARLY INTERVENTION / EARLY CHILDHOOD SPECIAL EDUCATION COUNTY PROGRAM INFORMATION					
Timely EI Services	Program	State Target	Timeline for EI IFSP	Program	State Target
Infants and toddlers who receive early intervention services in a timely manner	*	100.0%	Eligible infants and toddlers for whom an evaluation, assessment, and initial IFSP were completed or were justified within 45 days	100.0%	100.0%
<b>Special Education</b> §300.39(a) Special education means specially designed instruction, at no cost to the parents, to meet the unique needs of a child with a disability. <b>Timely EI Services</b> = Initiation date on the IFSP or 10 days from when the parent provides consent for IFSP Services. <b>IFSP = Individualized Family Service Plan</b>			<b>Department of Education Notes</b> -- No data available. * Not displayed because at least 6 students are needed to maintain confidentiality.		

For more information, contact your local program or district
