

ACHIEVEMENT STANDARDS

2014-15 Achievement Standards Summary

The chart below shows the achievement standards for Oregon's Statewide Assessments by content area and grade/benchmark level. All students are required to take the Smarter Balanced English Language Arts/Literacy and Mathematics assessments in grades 3-8 and 11 and science in grades 5, 8, and 11. Cut scores for the Smarter Balanced Assessments were adopted by the State Board of Education in January, 2015. Assessments in social sciences are optional; however, they may be required locally by some districts or schools. For detailed assessment information, refer to the 2014-15 Test Administration Manual (www.ode.state.or.us/go/TAM). It provides timelines, options, test security requirements, and test administration procedures that ensure both test reliability and validity from classroom to classroom, teacher to teacher, school to school, and district to district.

ACHIEVEMENT STANDARDS

Achievement Standards for Demonstrating Proficiency in Essential Skills for High School Diploma² through the Grade 12 Retest Option³

Essential Skill	OAKS Grade 12 Retest	Required Scores	Other Options
Reading (students enrolled in grade 9 in 2008-2009 & beyond)	Reading/Literature	236 Meets 247 Exceeds	Work samples; other approved standardized tests
Writing (students enrolled in grade 9 in 2009-2010 & beyond)	Writing Performance Assessment	40 Meets 50 Exceeds	Work samples; other approved standardized tests
Apply Mathematics (students enrolled in grade 9 in 2010-2011 & beyond)	Mathematics	236 Meets 251 Exceeds	Work samples; other approved standardized tests

- ¹ In future years, achievement standards may change for the purposes of accountability and earning a high school diploma. If the achievement standard changes for Essential Skills graduation requirements, students must be informed by March 1 of their 8th grade year.
- ² For purposes of demonstrating mastery of Essential Skills, students must meet the achievement standards in effect during their 8th grade year. However, students may use achievement standards adopted in their 9th through 12th grade years that are equal to or lower than the achievement standards approved as of March 1 of the students' 8th grade year. In addition, students may demonstrate proficiency in the Essential Skills using additional assessment options adopted in their 9th through 12th grade years.
- ³ During the 2014-2015 school year, grade 12 students who have not yet met or exceeded the standard in reading, writing, and/or mathematics, have the option to retest using the pool of test items that constituted the eligible content during their grade 11 year. Students have up to three online opportunities in reading and math, and one online opportunity in writing.

ACHIEVEMENT STANDARDS

Recommended Achievement Standards for Districts who use State Scoring Guides for Local Performance Assessment

OAR 581-022-0615 Assessment of Essential Skills requires students to complete one or more local performance assessments for each assessed skill area per year in grades 3-8 and at least once in high school. There is a long, rich history of using the State Scoring Guides to score these local performance assessments. Although not required, districts are encouraged to consider this approach. The following table shows the recommended achievement standards for using the official scoring guide across grades 3 through high school.

Skill Area (Official State Scoring Guide)	Grade	Achievement Standard for Purpose of Local Performance Assessment		Notes about Work Samples
		Meets (out of 6)	Exceeds (out of 6)	
Writing	Grade 3	3	4	Grade 3 students are not held to a standard in Sentence Fluency.
	Grades 4-8 and High School	4	5	Voice and Word Choice may be scored but are not required traits. Exemplars reflect expectations at each grade level.
Speaking	Grade 3	3	4	Grade 3 students are not held to a standard in Language.
	Grades 4-8 and High School	4	5	Exemplars reflect expectations at each grade level.
Mathematics Problem Solving ¹	Grades 3-8 and High School	4	5	Exemplars reflect expectations at each grade level.
Scientific Inquiry ²	Grades 3-8 and High School	4	5	Separate Official scoring guides exist for each grade/band (Grade 3, Benchmark 2 (Grades 4-5), Benchmark 3 (Grades 6-8), and High School).

¹ Revised mathematics problem solving scoring guide was adopted by the State Board of Education (May 19, 2011) for use beginning with the 2011-2012 school year.

² Revised scientific inquiry scoring guides and newly-developed engineering design scoring guides were adopted by the State Board of Education (May 19, 2011) for use beginning with the 2011-2012 school year.

ACHIEVEMENT STANDARDS

Achievement Standards for Demonstrating Proficiency in Essential Skills for High School Diploma through Work Samples

Essential Skills graduation requirements are determined based on when a student is first enrolled in grade 9, which is referred to as the cohort year. These requirements are applied to students earning either the regular or modified diploma. Students who entered grade 9 in the 2010-2011 school year or after are required to demonstrate proficiency in the Essential Skills of Reading, Writing and Mathematics.

Work Samples are one assessment option that high school students may use to demonstrate they are proficient in the Essential Skills.

Regarding demonstration of proficiency in the Essential Skills, districts must:

- provide students with instruction in and multiple assessment opportunities to demonstrate proficiency in the Essential Skills for the purpose of earning a high school or modified diploma.
- allow students to use assessment options adopted in a student's 9th through 12th grade years.
- allow students to use achievement standards adopted in their 9th through 12th grade years that are equal to or lower than the achievement standards approved as of March 1 of the students' 8th grade year.

For Writing and Mathematics, students may use Work Samples to fulfill both the local performance assessment and the Essential Skills requirements. For more information, please refer to the Essential Skills Manual on the ODE website (<http://www.ode.state.or.us/search/page/?id=2042>).

The table below describes the achievement standard for Work Samples, which are an assessment option for demonstrating proficiency in the Essential Skills with regard to conferring a high school diploma.
