

PUBLIC SCHOOL SEISMIC SAFETY INFORMATION

The Department of Geology and Mineral Industries maintains a website with information about seismic safety surveys of K-12 public school buildings and community college buildings that have a capacity of 250 or more persons. Website location: <http://www.oregongeology.org/sub/projects/rvs/default.htm>

2011 NAEP RESULTS

The National Assessment of Educational Progress (NAEP) provides state level results for grades 4 and 8. Results are based on representative samples of students. NAEP does not provide results for individual students, schools, or districts in Oregon. The table below lists the most recently available NAEP data for reading and mathematics. Small differences between results for Oregon and the U.S. may not be statistically significant. For more information, see <http://nces.ed.gov/nationsreportcard>.

2011-2012 District Report Card

Ashland School District

Dear Parents and Community Members,

October 11, 2012

The Oregon Department of Education is proud to issue the 14th annual Oregon School Report Cards. Oregon currently rates schools as either "Outstanding," "Satisfactory," or "In Need of Improvement" based on factors including student test results, participation, and academic growth. In order to ensure that these reports provide you with the best possible information about your school and your student's education, we will be working to redesign and improve the Report Cards over the coming year. We welcome your feedback on this redesign process and hope that the information in this Report Card helps to paint a picture of both the successes and opportunities for improvement in our schools. To share your feedback, go to: www.ode.state.or.us/go/nextgen.

Rob Saxton, Deputy Superintendent of Public Instruction
