June 18, 2014

TO: Sponsors of the Oregon Department of Education USDA Food Distribution Program

RE: Value of USDA Foods Received Report

The Annual Value of USDA Foods Received Report for 2013-14 is available in CNPweb using the following instructions:

- Click Food Distribution Program puzzle piece (green)
- Click continue
- Click program year 2014
- Click reports in top navigation bar
- Click Value of USDA Foods

This report should be used in your financial records; you cannot use the entitlement tab as it includes all allocations whether or not you received them. The CFDA number for NSLP is 10.555, SFSP is 10.559. USDA Foods should be recorded as both a revenue and expenditure. The report includes values of National School Lunch Program, DoD Fresh Produce, and Summer Food Service.

If you have any questions, please contact me at chris.facha@state.or.us or (503) 947-5896.

Sincerely,

Chris Facha
